Rumpke trash rates to increase

Miami Township residents will see an increase in their trash bills this summer. Beginning June 30, 2024, Rumpke Trash and Recycling rates will increase from \$14.65 a month to \$15.24 a month. The cost includes weekly recycling pickup, unlimited trash amounts, and one toter. Additional toters cost \$1.50 per month.

Miami Township moved to a residential fee system in 2013. The township negotiates trash contracts every three years to secure the best rate. The trash hauler mails quarterly bills to each customer directly. The township does not receive any compensation, fees or other benefits.

Miami Township first negotiated a contract with Rumpke in 2017. The board voted to renew services in 2020 with the option of two extension years. They voted to approve the first-year extension option last year, taking effect June 30, 2024. The board will vote on a second-year extension option for a rate of \$15.85 next year.

Township rates are comparable, if not lower, than other local municipalities. We also have no fuel surcharge. For more information about Rumpke trash service, [CLICK NOW](#).
