Township to fill vacated Board of Trustees seat

The Miami Township Board of Trustees and township administration are currently reviewing applications to fill a seat on the board recently vacated after the resignation of former trustee, John Morris.

Morris announced his desire to resign his position effective Tuesday, September 30, 2024, after six years of service to the community. He cited increasing conflicts in his work travel schedule with the rigorous requirements demanded of a trustee in his decision to step away from public office.

"It has been my honor to serve the residents of Miami Township, Montgomery County, Ohio, and I've enjoyed the progress that we've made. I wish Mr. Culp and Mr. Posey the best of luck as they search for a suitable replacement for the remainder of my term," Morris said.

The deadline to receive applications was September 27, 2024. The township must make its selection within 30 days of the official resignation date. Please refer to our [website](#) and social media sites ([Facebook](#), [X](#)) for more information as the selection process moves forward.

Board approves business moratorium

In other board news, trustees approved a six month moratorium (*Resolution #77-2024*) on construction of fueling stations, convenience

stores and box stores within township borders.

This will allow for intensive study of zoning regulations for such sites, and for review of current rules and whether adjustments and/or new additions are needed. **Watch** the board meeting to see the conversation and moratorium vote.
