

DISPOSING OF BULKY ITEMS?

Please be sure to properly prepare your bulk items before disposal.

At Rumpke, we strive to provide an exceptional customer service experience, every time. We want to make your bulk item pick-up easy and convenient. To ensure the safety of our drivers, we ask that you properly prepare your bulk items for pick-up.

HOW YOU CAN HELP KEEP OUR DRIVERS SAFE:

- Set your items curbside the evening prior to the scheduled service day. Consider a courtesy call to Rumpke to let them know about bulk items. Drivers may need to make a return trip to your home to pick up large items.
- All upholstered items, such as mattresses, box springs and couches, must be wrapped in plastic. Wrap each bulk item separately.
- Appliances with Freon must have Freon removed by a licensed specialist and tagged accordingly.
- Carpet must be cut into rolls no longer than 4 ft. and no heavier than 50 lbs.
- Construction debris must be properly disposed of. Contact a Rumpke representative to discuss your options.
- Household hazardous waste does not belong in your trash or recycling. Items such as batteries, paint, tires, pool chemicals, propane tanks, syringes and electronics must be disposed of properly. Contact your local solid waste district to find out how and where to properly dispose of household hazardous waste.
